*We are involved in identifying
unique needs of clients
and execution of projects.*

OUR
SERVICES

Our services include:

- Supply and installation of temperature control systems (air conditioner, chillers etc.)
- Service and maintenance programs for HVAC systems
- General building maintenance (painting, tiling, carpentry, roofing, ceiling, partitioning etc.)

*“We believe in excellent service,
and giving our customers value for money”.*

We use no sub-contractors, and all of the following services are carried out by our own qualified technicians:

- Air Conditioner Installations
- Air Conditioner Services
- Air Conditioner Repairs

Our years of experience in the supply, installation, service and repair of air conditioners makes us experts in the field. Whatever your air conditioning needs are, BB Aircon Refrigeration has the solution for you. We will not just supply you an air conditioner, we can even help you plan and design a full office ventilation solution.

We're qualified to repair and service all makes of air conditioners, and our clients are assured of the highest standards of workmanship at all times.

So whether you're looking for a new air conditioner, or you need a service or repairs for your old one, BB Aircon Refrigeration and Projects offers you unbeatable quality, workmanship and professionalism to meet your every air conditioning need.

REFRIGERATION

We have experience and capacity to assist with installation, maintenance and repairs of:

- Cold Rooms
- Ice Machines and Bar Fridges
- Industrial Refrigeration

Our aim is to always build strong business relationships through quality service delivery. We are able to service all appliances i.e. household appliances as well as commercial and industrial appliances. We also offer a wide range of services with regards to fridge repairs including regassing, part replacement, and any other fridge related issues.
